MEMORANDUM FOR: Acting Assistant Director for Research
and Development

SUBJECT: Security Requirements for Contractors

1. Attached hereto is a copy of the new booklet "Security Requirements for Contractors" which will soon be incorporated into all current SC-1 contracts. This booklet contains some new material, but it is mostly a statement of procedures furnished to contractors in oral briefings which supplemented the outdated old issue of this booklet.

2. I have been asked to call your attention, and the attention of your personnel who visit contractors, to the instructions in Section 4 relating to Contract Security Authorizations, particularly the guide lines relative to which employees of the contractor should be cleared in preparing new sources for SC-1 procurement.

3. If you would care to obtain additional booklets for distribution to your employees who visit contractors regularly, please notify me.
